Construction Project at:

XXXXX California 9400000

Scope of work: #1

Scope of work: #2

Scope of work: #3

Preparation before installation and or removal:

Complete safe and clean removal: Debris that is generated while completing the project will be removed to the appropriate disposal site by Zion Construction.

Installation: We will be using all new material provided by our vendors. There will be one coat of primer applied on all exposed raw wood and sheetrock surfaces where work was done.

Requirements:

We will need access to the property location for several days, we will need a clear path on the side of the house to the street. We will need access to a water supply, a restroom and access to a power supply.

Our work ethics:

Professionally trained craftsmen will preform all skilled work; all workers including labors and apprentices will conduct themselves in a professional and safe manner, using OSHA standards for safety in the work place.

We will be using materials and sundries provided by our reputable suppliers, and vendors who we are confident with because of there service and reputation in past projects, unless otherwise requested by the owner Prior to our bid and start of the project. This is to assure the type of quality end product that we provide and our clients expect. Wood and sundries will be provided by Home Depot, Sara Point lumber and Lowe's, sundries will be supplied by Kelly Moore Paints and/or Benjamin Moore Paint Companies.

All work will be completed in a professional manner, all work areas will be kept clean; all debris will be removed from work areas daily, we will keep the walkways and passageway areas clear of debris and tools. We will try to keep any disruption and noise to a minimum; all equipment will be removed from the project area daily.

All work will be completed in a timely and safe manner. We are on the project from start to finish Monday through Friday until the completion of the project, except when and if matters arise that are beyond our control.

Notice:

If there are any new additions, changes, changes in design or additional work, we will negotiate them as they arise as a separate contract labeled as extras and or additional work. We will start no new work, unforeseen work or changes without the signed approval of the negotiated price for the extra work or change order by the owner.

The discovering of any unforeseen damaged areas, dry rot, termite damage, or hazardous material while working on the project will be immediately reported to the Agent representing the buyers.

**The Price for the above stated project is: \$0,00
For labor, materials, disposal and permit fees.**

10% \$0.00 and permit fees of \$0.00, before start of project 10% \$0.00 when original project is halfway completed and remaining balance of \$0,00 upon completion of original projects #1 #2 #3 as stated above in original scope of work.
